Sri Iyal Food Products

SRI IYAL FOOD PRODUCTS is a distinguished name among the most trusted natural food products companies in South India. Born as a humble idea in the early 2000s, we launched the brand IYAL officially in 2009. Subsequently, we turned into a full-fledged manufacturer of traditional COLD PRESSED (WOOD PRESSED) OIL varieties from Coimbatore in India.

ABOUT US

SRI IYAL FOOD PRODUCTS is a distinguished name among the most trusted natural food products companies in South India. Born as a humble idea in the early 2000s, we launched the brand IYAL officially in 2009. Subsequently, we turned into a full-fledged manufacturer of traditional COLD PRESSED (WOOD PRESSED) OIL varieties from Coimbatore in India. As a natural foods brand, IYAL has come a long way believing only in quality healthy foods that in turn earned us a loyal customer base nationwide.

Over the past 12 years, IYAL has built a reputation for quality products, ethical practices, and trustworthy service.

Pioneering in the healthy, authentic and classic wood pressed oil manufacturing segment for more than a decade; IYAL is endeavoring to spread the wings wider through expanding our market all over the world.

OUR OBJECTIVE

IYAL's objective is straightforward. We strive to bring back the forgotten glories of food heritage and food choice and to make people lead healthy and cheerful life. We follow high ethical standards in nurturing purity of our oil varieties throughout extraction and filtration processes.

We provide our customers with tasty, high-quality, nutritious, traditionally made cold-pressed (wood pressed) oil products. We believe that natural and traditional food is the way forward and we sincerely intend to achieve excellence through quality.

OUR VISION

Influence and win over people over the goodness of NATURAL, PURE, and TRADITIONAL food choices for good. We strive to create a healthier future by staying away from harmful polished sugars and unhealthy refined oils from across households.

OUR PRODUCTS

With age-old wooden extraction and filtration technique, IYAL provides an assortment of wood-pressed edible vegetable oils that are consistent in aroma, taste, and quality.

OUR QUALITY

We choose only the high-quality raw materials and ingredients for each of our products. Every bottle of oil we market is very important to us, and we guarantee quality and consistency. We are incredibly strict about our quality standards.
