## ATUL TRADING COMPANY

located in Maharashtra, India. We began our journey in 2021. Now we have 50-100 employees in our company with an annual turnover of 5 Crore. We fit mostly at the marketing clerical level in the global value chain, where our activity is the marketing of quality goods. In this case, we regard ourselves as being the best in providing any of the various products and services.

The Atul Trading Company is located in Maharashtra, India. We began our journey in 2021. Now we have 50-100 employees in our company with an annual turnover of 5 Crore. We fit mostly at the marketing clerical level in the global value chain, where our activity is the marketing of quality goods. In this case, we regard ourselves as being the best in providing any of the various products and services.

### ● Business We Deal In

Basically, our primary business is exporting, and our secondary business is supplying. We export and supply ginger products worldwide. Our ginger powder is among the best selling products. Apart from the ginger powder, we also export and supply fresh ginger and dried ginger.

We prioritise the quality the most. We follow the organic and hygienic process to get the final product. We also meet the growing market demands for high quality ginger products. Delivering quality products on time is our primary goal.

### ● Our Goal

The strategic goal that we have established, therefore, relates to sustaining long term business relationships because of the efficiency and steadiness of services delivered. We will strive to make sure that our offering of services will be to the highest levels ever and our market is not limited to a particular country.
