

We are a trusted name in the industry with branches in various parts of the globe and a team of skilled professionals who are working together towards shaping superior quality Shot Blasting machines. We ensure to build a relationship with you that does not terminate at the delivery of our machine at your step. We are at your service to ensure the optimum working of our equipment and safety levels for decades.

We are a trusted name in the industry with branches in various parts of the globe and a team of skilled professionals who are working together towards shaping superior quality Shot Blasting machines. We ensure to build a relationship with you that does not terminate at the delivery of our machine at your step. We are at your service to ensure the optimum working of our equipment and safety levels for decades. We avail of the most up-to-date CAD/SOLIDWORKS Technology for the design and optimization of our machines. Manufacturing at **Aerowheel** is managed by qualified staff with a rich experience of 20-25 years.

Our Solutions for Industries

At Aerowheel, we serve a wide range of industries at the global level with our unique and sustainable Shot Blasting Equipments. We envisage expanding the horizon by entering into the global market with standards that foster global recognition.

- Aerospace
- Agriculture
- Automotive
- Defence and Military
- Energy and Power
- Foundry and Forge

Innovation

New ideas and technologies ensure the future of the company. That is why we encourage and support an atmosphere of innovation and future development. We understand the fast pace of changing times in terms of technology and innovation and thus we keep our machines compatible with them.

Team Work

We work as a team to cater to the needs of our customers with unified objectives. Our objective irrespective of the level of work we do in the company is to deliver the best to our clients in an effective time frame.

Flexibility

Every day we work to make things better. All products, processes and developments are driven by the desire to increase efficiency. The World is witnessing the winds of change and we ensure our machines are compatible enough to adapt themselves to the corresponding changes.

Customized Shot Blasting Machines & Cabinet

Blast Room System

Airless Shot Blasting Machine

Shot Peening Machine

Abrasive Blasting Cabinet

Tyre Mould Cleaning Machine

Portable Abrasive Blasting Machine

Super Blaster Machine

Rotary Indexing Machine for Cookware Blasting

Sand Blasting Hopper

Cabinet Blasting Machine

Pressure Blasting Cabinet

Suction Blasting Cabinet

Customized Shot Blasting Machines & Cabinet & Paint Booth

Grit Blasting Room

Hanger Shot Blasting Machine

Rotary Indexing Gear Blasting Machine

Roll Etching Machine

Sand Blasting Machine

Swing Table Shot Blasting Machine

Tumblast Type Shot Blasting Machine

Tunnel Type Shot Blasting Machine

Wet Blasting Cabinet
