Switch to good health Switch to AccuSure

Presenting AccuSure from MicroGene

In today's frenzied lifestyle, it has become quite difficult to take proper care of our own health. The hectic pace of professional life leaves very little time for our most precious asset - our health. Lifestyle related diseases like hypertension, obesity, diabetes, etc. are rising alarmingly due to this.

MicroGene, under its flagship brand - AccuSure, wishes to address this important aspect. We offer a variety of medical devices with which an individual can monitor and screen various facets of his health from the comfort of his home.

MicroGene is one of the very few organizations which works in a systematic and holistic manner in the realm of home use diagnostic services.

The latest technologies coupled with nationwide presence and after sales support is something we vouch for and are proud of.

Switch to good health

AccuSure[®] Simple

Blood Glucose Monitoring System

- Tiny Blood Sample Required Only 0.5µl
- Quick Result Within 8 Seconds
- Less Pain By Alternative Site Testing
- 1000 Test Memory with Date & Time
- Before/After Meal Presetable
- Ketone Warning Function
- Strip Indication Light
- Strip Ejection Function

4th Generation enzyme strip with higher accuracy

6 months expiry & 24 months shelf life.

More accurate results with new ISO standard conformity

*Conditions Apply

AccuSure[®]

Blood Glucose Monitoring System *Gold*

- Noble "Gold" Electrode Strip
- No Code - No Need to Change Strip Code
- Tiny Blood Drop Required - 1.4 µl
- Alternate Site Testing
- Accurate Results in Just 8 Seconds
- 150 Tests Memory - With Date and Time
- Average Result Function for 7, 14, 30, 90 Days

* System Accuracy Evaluation of 27 BGMS - According to DIN EN ISO 15197 - Published in Diabetes Technology and Therapeutics, Vol.12, No. 3, 2010
