## SHIYA ENGINEERING

is a leading industrial manufacturing company based in Vadodara, Gujarat, specializing in the design, manufacture, and supply of premium-quality Metallic Expansion Joints, Non-Metallic Expansion Joints, etc...

Shiya Engineering is a leading industrial manufacturing company based in Vadodara, Gujarat, specializing in the design, manufacture, and supply of premium-quality Metallic Expansion Joints, Non-Metallic Expansion Joints, Dismantling Joints, Industrial Dampers, Industrial Ducting, Bag Filter Thimbles, Bag Filter Cages, and Filter Bags for a wide range of industrial applications.

Driven by a commitment to quality, innovation, and customer satisfaction, we provide reliable and customized engineering solutions to industries including Power Plants, Cement Plants, Steel Plants, Chemical Industries, Refineries, Petrochemical Plants, and Air Pollution Control Systems. Our products are engineered to deliver exceptional performance, durability, and operational efficiency in demanding industrial environments.

Backed by advanced manufacturing facilities and a highly skilled technical team, we focus on precision fabrication, stringent quality control, timely delivery, and adherence to international quality standards. Our goal is to offer cost-effective, high-performance solutions that meet the evolving requirements of clients across India and global markets.

## OUR INFRASTRUCTURE

- Manufacturing Area: 37,500 Sq. Ft.
- Factories: 2 Modern Manufacturing Units
- Machinery: Equipped with all required advanced machinery for efficient production
- Production Capacity: Up to Dia 9000 DN and Square up to 40 Meters Single Size (5,000 Tons per Month)
- Raw Materials Used: Stainless Steel (SS), Mild Steel (MS), Galvanized Iron (GI), Inconel, Hastelloy, and other specialty alloys
- Customized Production Facility: Available
- Testing Facilities: Available
- R&D Facilities: Available
