**CONTACT Us 08**

Maa Chemical, founded in 2020, is a well-known company that manufactures and supplies Ferrous Sulphate Powder and Ferrous Sulphate Hydrate Crystals in Gandhinagar, Gujarat. As a client-focused company, Maa Chemical strives to increase client satisfaction in the most effective way possible.

To satisfy the demands of our customers, we provide our products with a variety of airtight packaging choices to ensure that they keep their maximum value. Furthermore, to ensure complete client satisfaction, we deliver our items within the time limit specified.

### Quality Assurance

We place a high value on the quality of our products in order to keep the trust of existing customers and acquire the trust of new customers. Furthermore, all of our goods are prepared using high-quality ingredients purchased from reputable vendors.

Our team of quality analysts oversees all phases of manufacturing, from sourcing to packing and final delivery, to ensure that only perfect items are delivered to customers' premises. These specialists additionally employ innovative machines to test the purchased items on various factors.

### Warehousing & Packaging

Our large and modern warehouse unit allows us to satisfy our clients' bulk and urgent needs. It is used in conjunction with safeguarding equipment to aid in the safe storage of chemicals.

We separated it into parts to hold the final range according to their characteristics and classifications. This aids in the product's methodical storage, quick access, and recovery.
