At Singhsons Refrigeration, we are pioneers in industrial refrigeration, offering cutting-edge solutions across Ice Plants, Cold Storage, Blast Freezing, and Food Processing Industries. With a legacy spanning over five decades, we have built a reputation for delivering high-efficiency, durable, and sustainable cooling systems across the globe.

Global Expertise in Ice & Cold Chain Solutions

**Headquartered in Mumbai, India, we specialize in manufacturing and exporting:**

- ✓ **Block Ice Plants** – Custom-built solutions for fisheries, food preservation, and industrial applications.
- ✓ **Tube Ice Plants** – Efficient, automated plants for large-scale ice production.
- ✓ **Flake Ice Plants** – Ideal for seafood, poultry, and chemical cooling.
- ✓ **Laser Welded Ice Cans** – Best Quality Ice Cans for Block Ice Plants.
- ✓ **Cold Storages** – Fully customized storage systems for perishable goods, pharmaceuticals, and logistics.
- ✓ **Blast Freezing & IQF Systems** – Advanced rapid freezing for food preservation and export industries.
- ✓ **Chilling Plants & Ice Bank Tanks** – Designed for dairy, beverage, and industrial process cooling.

### **Why Singhsons ?**

- ✓ **Global Reach** – Supplying refrigeration systems to over 12 countries across Asia, Africa, and the Middle East.
- ✓ **Turnkey Solutions** – End-to-end service from conceptual design to commissioning.
- ✓ **ISO 9001:2015 Certified** – Ensuring international quality and energy-efficient performance.
- ✓ **Innovative & Sustainable Cooling** – Designed for low energy consumption and maximum reliability in extreme climates.
- ✓ **State-of-the-Art Manufacturing** – 30,000 sq. ft. infrastructure with the latest CNC, lathe, and fabrication technologies.

### **Our Vision**

To be the global leader in industrial refrigeration, providing sustainable and energy-efficient cooling solutions that empower businesses worldwide.

### **Partner with Us**

As a trusted exporter and technological partner in industrial refrigeration, we are committed to delivering high-performance cooling solutions that enhance efficiency, preserve quality, and drive profitability.

**Contact Us Today** – Let's build a cooler future together!
